between 4 and 5 pm I witnessed my neighbor whom I believe to be Ernie Hillman take off in his powered glider to the west. he turned sharply to the south and the wing appeared to be malfunctioning. he then banked sharply back south and dipped low and crashed. I grabbed my phone and had trouble calling 911 as my friend and I headed to the crash site to attempt to offer assistance. I finally managed to contact emergency services. as my friend headed to the crash site, I then followed and met up with my friend who had already made contact with EMS.
