NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I have spoken with Mr Hartman on multiple occasions, and he has no memory of the crash or the events leading up to the incident. I observed Mr Hartman take off from Wolfe Airpark, and then he flew a left pattern. The aircraft disappeared behind the treeline after lining up on the pipeline easement to the Northeast of the airport. A moment later there was a bright flash from the powerline. When I reached the scene, I found the aircraft lying on its back, and several bystanders helping Mr Hartman exit the airplane. Law enforcement then arrived and asked us to clear the area. I had no chance to speak to Mr Hartman before he was placed in the ambulance.
