Victim a / Name	Last	First	Middle	Date of Occurrence	Nature of Incident
Richard, William Allen				11-22-20	Plane Crash

NARRATIVE:

On 11-22-20, I was dispatched to the area of Hwy 3049 between Belcher and Gilliam for a Plane Crash. The pilot of the airplane was not injured and the owner of the plane has a company coming from down south to recover the plane. Mike Standly with FAA was notified of the incident.

At 1824 hours, I spoke to the caller (Randy Allen) who said he saw the plane fly over and circle back and try to land. Randy said the plane crashed into the field next to the road. Randy said he then called 911 for help. The crash happened at [REDACTED].

I then spoke to the pilot (William Richard) who said he left the airport in Virginia Beach headed to California. William said the owner of the plane (Chad Guiford) hired him to transport the plane from Virginia Beach to California. William said once he got into our area the fog got too thick to see. William said he tried to circle back to the airport he passed some time back. William said he was not able to make it back and he tried to land on an oil field road. William said he over shot the road and hit the corn field and the plane flipped upside down. William said he was able to get out of the plane and walk away.

I contacted Mike Standly with FAA [REDACTED] Mike said he had all information and the case number. Mike said Chad would be responsible for recovering the airplane. The plane is a Piper PA12 tail number N2569M. Photos were taken and uploaded to the DBMS. Cook and Cook, INC will be the company recovering the plane. *They're* located in Baton Rouge, LA 70895 and would be here tomorrow. The land owner's name is Bruce Newton JR.
