Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

NOSE WHEEL, STRUT, PROP STRIKE

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Flying from the southeast to BBG, I was on the 145 for R32. Expecting low clouds, I was watching for airport environment (runway) which was seen at approximately 300' AGL. Having reached the runway, I realized that I had not slowed down enough and in trying to slow down I bounced down. Not reacting fast enough to recover or do a go-around, I bounced in harder causing the nose wheel to break apart & strut go up and obvious prop strike. I was not physically hurt.

RECOMMENDATION (How could this accident/incident have been prevented?)
