

RECORD OF CONVERSATION

Joshua Lindberg
Air Safety Investigator
Central Region

Date: 2/3/2021

Person Contacted: Jayme Scifres, AIG Insurance Rep

NTSB Accident Number: CEN21LA121

Narrative: In a phone conversation with Ms. Scifres, she stated the following:

She would be handling the claim for this accident and has hired Lonestar Retrieval to recover the wreckage. Lonestar would be en route to the accident site ASAP and the wreckage would be stored in Baton Rouge.

She spoke with the aircraft broker who was familiar with the recent transaction involving Don Clements as a new part owner. The broker stated that on the day of the accident the Don (recent private pilot) called him to report that he had just completed a 1-hour flight in the accident airplane to satisfy the insurance policy requirements.

End of conversation.
