Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

departed Shawnee OK at 0900. Weather was VFR. Tail wind of about 20 mph.
On a heading of 070. Destination for first stop was KPOF , Poplar Bluff, Missouri.
About 20 miles out of Poplar Bluff I noticed that my cell phone was not charging , I hooked up my Garmin 396 to my cigarett lighter plug. There was no power. So no power to my GPS or the phone. About then my phone battery went dead, As i can over the town of Poplar Bluff I could not see the air port. I turned south and went about 4 min and could not see the airport. I turned around and flew North about 8 min and could not see the airport. I decided that I better pick a field and land before ran out of gas. The field was too wet but looked good from the air. As i touched down and rolled a short distance the aircraft fliped over. I was not hurt. Time was about 12:20
