

NTSB RECORD OF CONVERSATION

Investigator name: Shaun Williams
Mode: Senior Aviation Accident Investigator
Region: Central

Date: June 8, 2021
Person Contacted: Michael Parker
NTSB Accident Number: CEN21LA254

Narrative:

On June 4, 2021, about 1625 eastern daylight time, an Air Tractor AT602, N51037, sustained substantial damage when it was involved in an accident near Drew, Mississippi. Mr. Parker was the pilot-in-command of the accident flight.

Mr. Parker stated that the airplane had just been loaded with about 4,000lbs of dry fertilizer for the application flight and had about $\frac{3}{4}$ tanks of fuel (150 gal). The last memory he had of the event was the start of the takeoff roll.
