Name (Last, First, M.I.) Mika Chelsea E		DOB [REDACTED]	SSN [REDACTED]	
Street Address [REDACTED]		City Marengo	State WI	Zip 54855
Phone [REDACTED]	Alt. Phone [REDACTED]	Incident Date 10/23/21	Incident Time 2:40pm	

NARRATIVE: At 2:35pm Aaron Mika called me to tell me he and Aleah were flying over the Kriskovich farm and would be flying over my house soon and to wait in the back yard. My son Bryce (age [REDACTED]) and I waited for them and shortly after we heard the plane and saw them coming. They flew back and forth over us a couple of times flying low so we could see them better. I was taking pictures of Bryce and the airplane above him. At 2:40 it looked like they were doing a loop. Then we heard a loud crash. We started to run to where the crash came from which was in Marty & Wendy Olenkatos yard. When I got closer I called 911. I went to the

NARRATIVE: plane and started to yell out Aaron and Aleahs names. I saw Aleah immediately, but didn't see Aaron. I tried to check Aleahs pulse but couldn't find one. I tried to pull Aleah out of the plane, but she was too strapped in. Then I saw Aaron at the front of the plane. I ran back over to my son and called my mother in law Sally Mika and told her to come then my husband Paul Mika. When Sally arrived I left the scene because my baby leyna () was asleep at the house.

I was driving east on Wildcat rd. and saw an airplane flying pretty low. It was maybe 200'-400' high, flying west. It dove towards the ground then went back up and going upside down and going south. Then it started going back down and north. It then crashed nose first in a yard. It missed the house but hit part of the deck. The wings came off and were in front of the airplane along with part of the canopy. When the airplane hit the ground I was almost to the intersection of Co. rd C. Wildcat rd and Vista rd. ~~At the~~ All the flying I described above happened in a quarter mile or less.

I was riding east down Wildcat road with my husband. As we came up to the 4way stop watching the airplane, it had been going east but turned around & came west seeming to drop a ways and then moving upwards into a flip. I honestly cannot say what happened after the plane was upside down. I just remember thinking they are going to crash and the plane came down, seemingly straight into the ground. At that point we were at the 4way stop sign and I told my husband to pull over and call 911 as I was getting out of our van.
