Narrative & Statements

Narrative - Weaver, Dale - 12/27/2021 (Initial)

On Sunday, December 26, 2021, at approximately 5:40 p.m. the Fulton County Sheriff's Department received a phone call reporting a plane crash on Nine Mile Ridge area near the Sharp/Fulton County line. There was a search conducted but it was dark and the terrain was rough and steep and the search was called off sometime after 10:00 p.m. because of conditions to be resumed the following morning.

Monday, December 27, 2021, there were officers from the several law enforcement agencies and fire departments and others from the community showed up to assist in the search along with two helicopters from Baxter County Sheriff's Office and the Arkansas National Guard, and two planes from the area. At 8:40 a.m. Hardy's Mayor, and former Police Chief, Ernie Rose was enroute to the Nine Mile Ridge Fire Department when he noticed an object near an old barn that he didn't recognize and got out of his vehicle and checked it and discovered it was the plane that had crashed no more than 50 yards North on the road.

Incident # 21-00753

Fulton County Sheriff Department

Incident Report

Report Time 2:13 PM

Narrative & Statements

Narrative - Weaver, Dale - 12/27/2021 (Initial)

Mr. Rose stated his daughter who lives in the area of the crash called him the night before at approximately 5:30 p.m. stating she and her husband heard a plane and then heard what they believed to be a crash. He stated for that reason he was watching more closely as he traveled through causing him to spot the plane.

Fulton County S.O. LT. Jake Smith interviewed three witness who live on Nine Mile Ridge Road East of the crash site. Hope Bass W/F DOB [REDACTED] advised that she heard a plane making a woosh sound followed by a crash. Tobi and Jeremy Whitten stated they were outdoors burning leaves when they heard an engine above them that was sputtering and then the engine accelerated followed by tree limbs breaking, then a crash, and so knew it had to be near by. Jeremy stated it was foggy and they were unable to see the plane. She stated she called 911 and reported it. The call may have gone to the Sharp County 911 center. Family members of the female crash victim arrived on scene. Lt. Smith collected DNA samples from John Bailey (brother of the female victim) and Sharon Beardsley (sister of the female victim). These samples were given to the coroner's office, to be sent with the body to the Medical Examiner's office to assist with identification.

This Investigator took photographs of the crash site before anything was moved, and after receiving instruction to recover the bodies of the victims photographs were taken during the process and after which will be a part of the case file. The photographs were copied to a jump drive to be made available FAA Investigators. Deputy Coroner, Seth Wortham took custody of the victims bodies and transported to his office in Hardy to later be picked up by the Arkansas Medical Examiners Office for autopsies.

Narrative & Statements			

Narrative - Rose, Scott Ray - 12/27/2021 (Initial)

On 12-26-21 at approximately 1735 Hrs I was contacted by Hardy Mayor Ernie Rose advising me that he was notified of a possibly plane crash near my Lisa Rose's residence at [REDACTED] Hardy, Arkansas in Fulton County. I then contacted Fulton County Sheriffs Office and was advised that several calls were coming in and that my sister had also called to report the possible crash.

I then contacted my Lisa Rose and her boyfriend Barry Lowe who both advised they heard what sounded like a plane flying low and not running well. Both said they then heard the plane engine accelerate to a very high pitch and immediately heard a loud crashing sound that shook the ground.

At that time Fulton SO Dispatch asked for assistance and advised that deputies were extended but en route. Hardy Officers Janelle Tyner and Trey Daugherty responded to the area to assist. Hardy Fire as well as other agencies and volunteers responded and assisted in a search of the area but were unsuccessful at that time due to extreme rugged terrain as well as dense fog. These circumstances made search efforts more difficult therefore the search continued but was limited.,

At 0700 Hrs on 12-27-21 Officer Jeremiah MacDonald and myself responded to the Nine Mile Ridge Fire Dept where a command post was established. Officer MacDonald began flying over the area with a drone searching for any signs of a plane or debris. Sheriff Roark and Detective Dale Weaver provided MacDonald with possible areas to search but moments later Baxter County Sheriff John Montgomery arrived with their Chopper as well as the national guard black hawk and a civilian plane therefore the drone was grounded.

At 0842 Hrs, Mayor Ernie Rose who is the former retired Hardy Police Chief called me as he was traveling to the command post stating he found the plane off in the woods just east of the command post. I then advised Sheriff Al Roark and Det Weaver before traveling to his location. The plane was then located and it was immediately apparent that no survivors were possible. Sheriff Roark and myself arrived simultaneously with other members of law enforcement and fire agencies. As we approached the crash scene I noticed what appeared to be a small white plane that was damaged to a point it was nearly unrecognizable. As we approached to check for passengers, I requested other first responders to back away and stage a perimeter around the scene. at that time 0850 Hrs, a

Narrative - Rose, Scott Ray - 12/27/2021 (Initial)

perimeter was established and police "do not cross" tape was wrapped around an approximate 100 yard radius. From that moment all responders who were inside the crime scene and all that came into the crime scene were logged with name, phone number and agency. Sheriff Roark and Detective Weaver assumed command of the crime scene and this officer assisted with crime scene management and photographs. After Sheriff Roark coordinated with FAA and NSTB, it was approved by Sheriff Roark to begin efforts to locate and extracted any passengers on the plane. At that time multiple agencies began extraction. Detective Dale Weaver and myself began photographing the scene as the plane was disassembled and two bodies were removed. Fulton County Deputy Coroner Seth Wortham was present and immediately took custody of both bodies.

Investigation by Detective Weaver confirmed that the bodies were suspected to be Bradley Lee Dunham removed from what appeared to be the left side of the plane front seat and Christine Ann Price who appeared to be removed from the right front seat.

After the bodies were removed from the scene and all assisting agencies left the area, the scene remained secure and Fulton County SO preserved the crime scene to await NSTB and FAA's arrival.

No further assist from this officer at this time. SEE attached list of personal who were inside the crime scene perimeter. Also Photos are attached to CASE File
