FIELD CASE REPORT

CASE# 2022-00024259

NARRATIVE

SYNOPSIS:

On 05/11/22 at about 12:34pm an airplane crashed at the intersection of Interlocken Loop and Eldorado Blvd. The sole occupant of the plane was found dead inside the plane. NTSB and the FAA took over the investigation.

DETAILS:

On 05/11/22 at approximately 12:34pm I, Officer Pratt, was dispatched to a plane crash at Interlocken Loop and Eldorado Blvd, in the City and County of Broomfield, State of Colorado. The reporting party said the plane was on fire.

I arrived on scene and saw the plane fully engulfed in flames on the northwest corner of the intersection; in a grassy area just off the sidewalk. As I got out of my vehicle I was approached by a witness who said he saw the plane go down and that nobody every got out. I directed that witness to Officer Cressman to get a witness statement. See Officer Cressman's supplemental report for further details.

The heat from the flames was too intense to approach. I was unable to get close enough at that time to determine if the plane was occupied.

I requested additional officers so the entire intersection could be closed off.

I then began to take photos of the scene. All photos were uploaded to evidence.com for inclusion in this case.

Multiple fire trucks arrived on scene to put out the fire. The following outside agencies responded on scene: E61, E65, ARFF65, E67, MEDIC 61, MEDIC 64, BATTALION CHIEF 61, BATTALION CHIEF 62, SAM61, HAZMAT 2.

Once the fire was out I was able to see there had been an occupant of the plane. I was able to see two badly burnt legs sticking out from the wreckage. I was unable to see anything above the legs, as the plane was covering the remains.

Two airport employees, Matthew Howard (Airport Operations Specialist), and Brian Bishop (Deputy Airport Director), arrived on scene. From the two I obtained the

NARRATIVE (continuation)

following information. The plane was being flown by Justin Watkins ([REDACTED]), who had his level 2 student commercial license. Justin was doing "touch-and-go" drills and he was approved for a final landing. The tower showed Justin coming into the airport from the north, and showed he made a sudden left turn; that was their last signal. Justin had been flying a small plane owned by American Flight School; tail #N73670.

From the scene I could see where the plane had struck the traffic pole on the south west side of the intersection, hit the street on Eldorado Blvd, skidded across the crosswalk northbound, before coming to its final rest on the north west side of the intersection. There was debris scattered primarily along the west side of the intersection and the grassy areas around it. No people or vehicles were struck.

The investigation was taken over by NTSB and the FAA

BROOMFIELD POLICE DEPARTMENT

FIELD CASE REPORT SUPPLEMENT

CASE# 2022-00024259

SUPPLEMENTAL NARRATIVE

On Wednesday, May 12, 2022, at approximately 12:34 p.m., Officers were dispatched to a plane incident located at Eldorado Blvd. and Interlocken Loop., City and County of Broomfield, State of Colorado.

Dispatch advised there was a plane down and on fire. It is near interlocken golf course and there are occupants inside.

Officers located the plane on the northwest side of the intersection. The plane was fully engulfed in flames and smoke.

I shut down the south bound lanes and began directing traffic away from the incident. Rocky Mountain Airport Fire and NMFD arrived on scene and began handling the fire.

I began handing out witness statements and started a victims advocate for the parties who witnessed the incident.

I handed out witness statements and collected them as well.

Tyler Cole ([REDACTED]) and Brenden Cleary ([REDACTED]) advised me they saw a plane flying low in the sky and all of a sudden it was on the ground and it was fully up in flames.

Brittany Maes ([REDACTED]) and Nicholas Maes ([REDACTED]) advised me they were driving and stopped at the intersection. They saw a plane flying really low. The plane bounced on the ground, immediately caught fire, secondary explosion and then hit the ground again.

All of the witness statements were collected and booked into records. I created a list of personnel on scene who are not police, victims advocate and fire and turned it into records as well.

I spoke to Daniel Smith ([REDACTED]) and he advised me he owns the flight school, Bbay Area Flight Club. He stated the person flying the plane is Justin Watkins ([REDACTED]).

SUPPLEMENTAL NARRATIVE (continuation)

His brother, Will Watkins, is the emergency contact and the phone number ([REDACTED]) was listed. Daniel has never met Justin personally and has only seen his files prior to this incident.

I continued to provide scene security until I was released by another unit.

At this time I have no further information.

FIELD CASE REPORT SUPPLEMENT

CASE# 2022-00024259

SUPPLEMENTAL NARRATIVE

On Wednesday, May 11, 2022, at about 1:00 P.M., I was notified by Detective Sergeant M. Deedon that an airplane crashed in the area of Interlocken Loop and Eldorado Boulevard. Once I have briefed on the airplane crash myself and Detective J. Marshall responded to the area.

As I arrived in the area I observed the following:

I saw what appeared to be the remanence of a small airplane on the northwest corner of the intersection of Interlocken Loop and Eldorado Boulevard. I observed the airplane closer and saw a white sheet covering something. I later found that the sheet was covering the sole deceased occupant who was later identified as Justin Watkins. Once at the airplane, I looked to the south toward the Rocky Mountain Metropolitan Airport. I looked along the road and found several pieces of debris on the ground. One of the larger pieces located by the traffic light on the southwest corner of Interlocken Loop and Eldorado Boulevard appeared to be a piece of the wing. Various pieces of the aircraft were scattered across the roadway and the ground around the west side of the above intersection.

After my observations, I spoke to Officer Cressman and Officer Pratt and they informed me that there were two witnesses still on the scene. Officer Cressman informed me that they completed the witness statements that she provided me. I reviewed the witness statements that in summary stated the following:

Nicholas Maes:

Saw a plane drop, bounce, and hit a light on Eldorado. The plane flipped and hit the ground then blew up. A second explosion happened about 2 minutes later.

Brittany Maes:

She was pulling up to the light on Eldorado and Interlocken when she saw a plane flying very low. The plane hit the ground, bounced, and rolled. It immediately caught fire and a secondary explosion occurred a few minutes later.

After reviewing the witness statements I went over and spoke to the two witnesses, Nicholas Maes and Brittany Maes, and found the following:

Brittany and Nicholas were stopped facing south on Interlocken Loop and Eldorado Boulevard. While stopped they were unsure if the light was green or red when they saw

SUPPLEMENTAL NARRATIVE (continuation)

an airplane flying very low. The plane was flying what appeared to be north. The airplane hit the ground and bounced into the street light on the southwest. After striking the light pole the plane slid on the ground until hitting a curb. After hitting the curb the plane flipped in the air until coming to rest at its final location at the northwest corner of the intersection. Once at the final resting the airplane caught fire and exploded. The secondary explosion happened a few minutes later and it sounded like a pop.

Additionally, they did not see any pieces falling off of the plane before the impact. Nicholas and Brittany were provided with victim advocates to talk about the incident further. I concluded my conversation with them at that time.

Detective Marshall talked with two other witnesses that were located at the Interlocken Golf Club as they witnessed the incident. Please refer to his supplemental report for further details on their conversation.

While on scene I checked for surveillance video at Oracle ([REDACTED]) and Interlocken Golf Club ([REDACTED]) and neither location had surveillance cameras on the exterior of their businesses.

It was requested by the FAA to walk north of where the final resting location for the airplane to look for additional pieces. As Detective Marshall and I walked north on Interlocken Loop the sole piece of the airplane we found was one of the wheels. I reported my findings to the FAA representative.

During the investigation, the Broomfield Traffic Unit deployed its drone to take aerial pictures of the airplane crash. I was notified that they would be conducting a detailed mapping layout of the airplane crash that would later be provided to the FAA and the NTSB for their investigation.

I remained on the scene until Mike Hodges with the National Transportation Safety Board (NTSB) arrived to take over the primary investigation of the airplane crash. Once Mike was on the scene I briefed him on what my investigation reviled at this time.

On May 12, 2022, I was notified by Detective Marshall that a wallet was recovered by the FAA from within the wreckage of the airplane. I took photos of the charred wallet that I later submitted to Evidence.com for this case file. I also booked the wallet into Broomfield Property and Evidence for this case file.

FIELD CASE REPORT SUPPLEMENT

CASE# 2022-00024259

SUPPLEMENTAL NARRATIVE

On May 11, 2022, at about 12:34 p.m., I responded to the area of Eldorado Blvd and Interlocken Loop, reference a plane incident. Dispatch advised, a plane was down and on fire. Initial officers arrived on scene and advised the plane was fully engulfed.

Upon my arrival in the area, I shut down traffic on Flatiron Blvd, just west of Interlocken Loop.

While blocking traffic, a witness, later identified as, Terrence Thornhill () approached me and informed me of the following:

Terrence was traveling on Flatiron Blvd, towards Marriott Town Place Suites, 480 Flatiron Blvd, when he observed a small aircraft in the air, tilted sideways heading towards the ground. From speaking with Terrence it appeared he observed the aircraft possibly heading in a southwestern direction.

After Terrence parked in the parking lot for Marriott Town Place Suites he observed black smoke.

Terrence completed a witness statement that was later placed into Records.

I continued with traffic control until I was relieved from my post.

This concludes my involvement with this incident.

At 12:35 pm I saw a low flying plane travelling
EAST/NORTHEAST @ a very low altitude. It went over
my head completely silent. I turned around to see
black smoke and fire coming from the NW
corner of Eldorado Blvd & Interlocken.

I have made this statement voluntarily without any force or threats being used against me or any promises being made to me by anyone.

I was standing in the Clubhouse Parking lot and heard a low flying plane + then saw a large blur as it went North across Eldorado Blvd coming to rest on the Northwest corner, the cockpit was immediately engulfed in flames + there was one leg of an occupant that I could see. No other people came out of the plane

I have made this statement voluntarily without any force or threats being used against me or any promises being made to me by anyone.
