

John Brannen
Senior Air Safety Investigator
AS-CEN

Date: September 29, 2022

Subject: CEN22FA436

Contact: Ron Diel (Witness)

Mr. Diel reported that he was working in the yard of the residence where the accident occurred. He said that he did not see or hear the airplane until it impacted trees. He then saw the airplane descend into the ground where a fire erupted. He was able to pull one of the occupants from the wreckage but was unable to extricate the other occupant before fire engulfed the cabin section of the airplane.
