NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On arrival at field to fertilize I attempted to set a starting line above the electric lines and struck the second pole in the field with my right gear. I immediately returned to my loading strip about 1 mile away and successfully landed. The left gear collapsed after I was on the ground. I am unable to explain why I was so low other than the windy conditions that day.
