Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Prop Strike and substantial airframe damage.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Prior to landing at the uncontrolled airport, IJX, I did a low pass to check conditions. After the low pass, I came back around for a landing. I experienced possible windshear/windshift during touchdown that induced a bounced landing. During touchdown, the tire failure caused the aircraft to bounce again. I prioritized maintaining runway centerline control until a full stop.
