Dear NTSB,

I wanted to reach out to you to let you know that I was a witness to the fatal crash of the Cessna 210 in Cleburne, Texas on December 4, 2022 at 8:56 pm CT. I live at [REDACTED] in Cleburne, TX, and the crash occurred about 300 yards behind my house. I witnessed the moment of impact through my back windows in the field. In the moments before impact with the ground, the aircraft seemed to be in a low-altitude, right-hand bank at a high rate of speed. The engine sounded to be running at full throttle as it passed nearly over my house. If there is any additional assistance I can provide in the investigation, please feel free to contact me at the information below.

Thank you,
Chris Jackson
