

Laura Abraham
Air Safety Investigator
Central Region

Date: June 4, 2023
Subject: CEN23FA220, Gibbon, Nebraska
Contact: Susan Lienemann, Witness Statement

Ms. Lienemann stated that on the morning of June 2, 2023, shortly after 9:00 CDT she was sitting on her front porch, looking to the north and saw a low flying airplane pass in front of her. The airplane was traveling from the west to the east and then made a sharp right southwest turn toward interstate 80. The airplane flew over her house, and she lost sight of it; however, she heard a "loud bang" a few seconds later. Ms. Lienemann stated the engine was "making a lot of power" and the airplane was "accelerating excessively."
