Hi Cory,

Would you please send the update NTSB Form 6120 that we talked about?

Since Gail had completed the first 3 landings, can you please send an updated form with her pilot information included. I know she wasn't the PIC during the accident but I need to describe her as a pilot rated passenger and include the details about the 3 uneventful landings while she was utilizing the left pedal controls. I need most of the information in section for Pilot #2. Cert#, medical details, hours, etc.

Thank you,

Josh Lindberg

Mr. Lindberg,

Gail & I are out of town through at least 6/14 and she has very limited detailed information available at the moment.

How specific of information do you need?

For detailed info, it would likely be later next week.

Cory
