NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I. ~~was~~ was applying urea to corn. I started around 10:00 AM and had done 10 loads. I came back and got my 11th load and took off at 11:58. I was climbing out after take off going 85. All of the sudden the airplane started to fall. I applied full power with no response. Started to drop the fertilizer and crashed on the edge of a bean field about $\frac{1}{4}$ to $\frac{1}{2}$ a mile off the south end of our private strip in Lake Village, Arkansas. I intended to go several miles south of the strip to continue fertilizing the corn. I think the engine cut making power.
