Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Right wing tip dented; prop strike hitting a parked golf cart along side but off the runway at this airport

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

Left LFK at 9:15 AM and flew 45 minutes back to homebase T25. I landed on this narrow runway which has a BERM running along both sides with a drop off of approx. 1 foot to three foot.

I landing perfectly but a little fast, perhaps 70 kts. I rolled on RWY 27, gradually slowing the aircraft. I was rolling a little to the right of center and was working to keep the aircraft from going too far right off the edge of the runway. I wear a left leg brace with minimal strength/minimalkl function in this leg due to a spinal cord back injury in 1986.

I did get too far right, pushed hard as I could with my left leg and pushingalso with my left arm on my leg, but was not able to bring the airplane back left. Thus, I slid off onto the edge of the runway, doing approx. 35 mph and clipped a tree in a neighbor's yard with the right wing, then veered 45 degrees right into a golf cart parked in the neighbors yard.

I realize NOW how unsafe that I am. This was my fault, my error.

I have voluntarily turned in my License and medical to the FAA Inspector [REDACTED] from the Dallas FAA office phone # [REDACTED] on July 9, 2023.

Even though I have 55 years of flying, the time has come for me to quit flying.

I will never attempt to pilot an aircraft ever again.

I thank the Lord, Christ Jesus that I did not injury or kill anyone. I regret any hardship that I have created.

Respectfully, submitted, in all consideration for your wisdom and expertise,

Roger L. Millheim

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

I should have had only an airplane with a hand brake like on a Piper Cherokee.
