Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Aircraft ~~was~~ severely damaged on cabin, tail and blades

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Aerial applicating 15ft above the ground spraying corn at about 60mph, engine started to spit and sputter before completely losing power to the engine. Immediately did my emergency procedure per POH and began to flare to burn off as much air speed as possible before contacting the ground. Once ground was contacted the helicopter remained straight until catching uneven surfaces (in a corn field) and causing the skids to catch and roll the helicopter. Once the helicopter rolled the blades then caught and threw the cabin about 30 ft on the passenger side. Luckily i made it out with no injuries
