Hi Paul,

Sorry for the delay on this one. We do have an account under [REDACTED], which has not been accessed since November 29. His account does not have an N745MB in it. No flight plans were filed through ForeFlight for N745MB on or around the date of the crash.

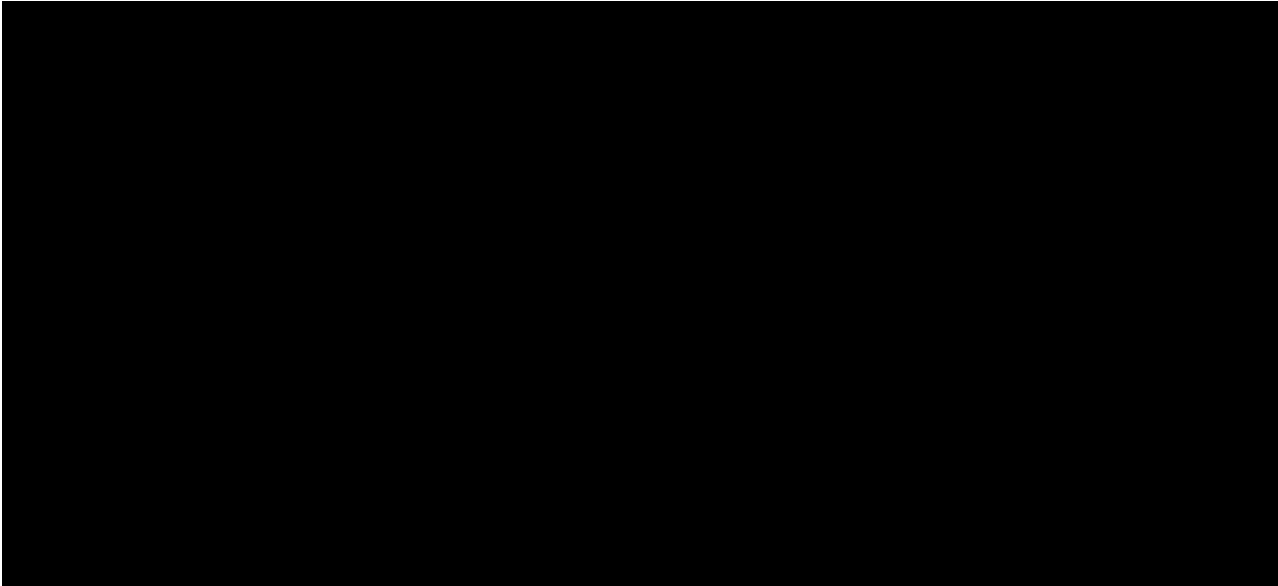

However the following routes were entered into the account we identified, in the day leading up to the crash:

Good morning,

I just picked up the fatal accident near Sterling City, Texas from yesterday. It was N745MB and MD Helicopter Inc 600. The accident occurred around 1600 CST (2200 UTC) on November 29. Any check of ForeFlight (flight plan or weather briefing) would be great to have. Have a good day,

Paul
