Contact: Jon Hicks, Witness, cell: [REDACTED]

Jon Hicks stated that he was watching the flight of N858RC from Addison Airport, Dallas, Texas, on FlightAware on the day of the accident. He was inside his home listening on a portable radio and first heard radio transmissions from the pilot of N858RC reporting west of Thompson Field Airport, Canton, Texas. He then heard additional radio transmissions from the pilot reporting downwind, base, and final for runway 13. All the radio transmissions were normal. He then went outside to see N858RC but could not tell if the aircraft was lined up with runway 13 due to his vantage point.
