Hi Brice, Thanks for trying to call back. We are in the air headed your way. It would be in the middle of the afternoon until we can get to Oberlin.

We do have a courtesy car to Use overnight and we should have hangar space available if the plane isn't too large

Sounds great. It's a little smaller than a Stearman.

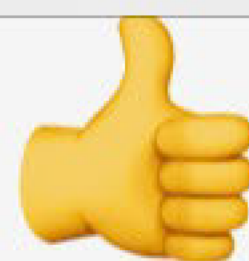

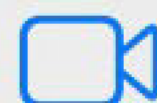

Sunday 1:48 PM

Not sure if we can make it, but headed your way. WACO ETA about 5:00.

WACO ETA 4:45. What is the weather like in Oberlin?

Looks too low at Oberlin. Going to land at Philipsburg. Will give you a call.

Hi Bruce, We are going to try and go south to get out of this stuff. Have a great Independence Day!

Good luck, I hope things go smooth
