Michael,

85-90' tall.

The trees that line the runway are 12-18" in diameter.

The trees I hit were smaller diameter. 3 or 4 were 6-8" diameter and the largest one was 10-12" diameter.

Hi sir,

I saw some of the accident site photos that the FAA shared with me.

For the large trees that surround the runway (runway 31) that you used, about how tall are those large trees on all sides of the runway?

It looks like those are large pine trees?

Thank you.

Mike
