NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

ON 2-20-24th at 5:00 PM I left C62 and headed to a private runway EAST OF C62. I made 2 landings and take offs. I consulted with a gentleman that was removing trees at the east end of the runway. After that I headed south to the sight of the accident. There I made a left pattern entry that had the sun glaring on the water beyond my landing point, with the sun obscuring my vision I was unable to see a 20ft tall scrub tree in my path. At the end of the approach the tree became visible and the collision could not be avoided.

RECOMMENDATION (How could this accident/incident have been prevented?)
