

Cory Maxon
Air Safety Investigator
Central Region

Date: August 19, 2024
Subject: CEN24LA181, Phone Interview
Contact: Mary Timm, Passenger

Mary Timm, the uninjured passenger of N815CD, stated that a preflight passenger briefing that included the use of seat restraints was given by the pilot in command, Mark Timm, on the accident flight. She was unable to recall if seat belt and shoulder harness use was briefed during the before landing check. She stated that Angela Timm, the passenger that sustained serious injuries, took her seat belt off during the flight to soothe the dog that was on the airplane during the flight.
