

I, Quinn Robinson-Duff, was hanging around the Signature Jet Center at the Eagle Airport June 4th, 2024 a little after 1700 waiting for a student while Gus LeBlanc and Rapheal were pre-briefing on their plan that day. I asked if they needed fuel and Gus responded yes. I had a few minutes so I went up to the front desk and asked for a top off for N5755B. The front desk said that they would and I told Gus, the fuel order was placed.
