Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I was coming in to land on runway 18 in Ada, OK. As I was approaching the runway to land I felt the airplane balloon up slightly and I corrected for it. Once the airplane began to come back to the runway the airplane started to dip the wing to the right when I went to correct for the wing dipping. I must have overcorrected and the airplane went to the left of the runway as I went to slow the airplane down it hit a sign on the left side. The airplane slowed and I was able to taxi the airplane off the runway. It was intended for me to complete a touch and go at Ada and return to Chickasha.
