Hi Brigot,

One question. Where there any mechanical issues with the airplane that contributed to the event?

Good morning,

The form is attached and mostly completed. The bottom of page 6 was completed on accident and there were a few boxes skipped because the flight school did not have the information on or did not want to complete incorrectly.

If there is anything else I can do please let me know.

Thank you,
Brigot Reeves

Hello,

I am working on getting the form filled out. Should have this back to you by tomorrow.

Thank you,
Brigot Reeves

Hello Brigot,

The NTSB has been informed of an aircraft accident that occurred in Ada, Oklahoma, on June 13, 2024, involving a Cessna 172, N8483L. I have been assigned as the NTSB investigator in charge for this accident. I understand that you were the student pilot that was in command of the airplane at the time of the accident. Attached you will find one of our **NTSB Pilot/Operator Aircraft Accident/Incident Report** forms. Please fill out the form and return it to me at your earliest convenience. The preferred method for returning the form is via return e-mail; however, you can also mail the completed form to the address below. If you have any questions about completing the form or about the investigation process, please feel free to contact me at the telephone number below.

Thank You,

John M. Brannen II
