

Brian Rutt
Air Safety Investigator
AS-CEN

Date: July 18, 2024

Subject: CEN24LA236

Contact: Ian Mastriani, CFI Texas Skies Flight School

In an interview with Mr. Mastriani, he stated that he was given transition training on the SR22 and SR22T by the chief pilots of Texas Skies Flight School, Casey Ratliff and Olivia Mason. Mr. Mastriani stated that the only mention of high fuel flow related emergencies during transition training was to be cognizant of the fuel flow and to keep an eye on it. He was not aware of any past maintenance issues with N87AQ. He stated that before the accident, he was not aware of any fuel flow related incidents with SR22T airplanes. ///END OF STATEMENT///
