That all sounds good.

Unfortunately, I do not have any video other than what I have already shared with you.

Hi Jason,

We finished up with our onsite examination work yesterday.

The folks (Lone Star Retrieval – Richard Ball) that are coming to remove the airplane are planning on being there in about two weeks or so, I passed along your contact information to them.

Do you happen to have any security video footage of the pilots doing their preflight and the airplane taxiing out from ramp, that you can share with me please?

Thank you again.

Mike
