DAMAGE TO AIRCRAFT AND OTHER PROPERTY**Aircraft Damage**

- ☐ None ☐ Substantial
☒ Minor ☐ Destroyed
 ☐ Unknown

Aircraft Fire

- ☒ None ☐ Both Ground and In-Flight
☐ In-Flight ☐ Fire at Unknown Time
☐ On-Ground ☐ Unknown

Aircraft Explosion

- ☒ None ☐ Both Ground and In-Flight
☐ In-Flight ☐ Fire at Unknown Time
☐ On-Ground ☐ Unknown

Description of Damage to Aircraft and Other Property *(Use additional sheet, if necessary.)*

Right propellar tip damage. Two holes at bottom of fuselage. Damage to runway strobe light.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink.)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I took off from Bismarck Municipal to Mandan Regional 6nm away at approximately 3 pm Sept. 1, 2024. Metar at Mandan showed wind light favoring runway 31. I asked and got vector to RNAV 31 in VFR conditionas. I flew the approach without incident and landed at Mandan and a plane taxiing out said my landing was great over the common traffic frequency. I tried to stop after landing, but the brakes failed and I traveled to the end of the runway. I went off the end of the runway to the side and hit a sign, which turned out to be a strobe. I taxied back to the FBO and tied down. I noticed that the wind had changed direction and was favoring 13, but the wind was light and variable. There were no injuries to myself or my passenger. At the moment, our maintenance at Bismarck is accessing the damage. The FAA is also investigating.

OPERATOR/OWNER SAFETY RECOMMENDATION *(How could this accident/incident have been prevented?)*

I could have continued off the runway end, but the runway was sloping downhill and the end was out of sight on landing.

MECHANICAL MALFUNCTION/FAILURE (If more space is needed, continue on a separate sheet.)Was there Mechanical Malfunction/Failure? ☒ Yes ☐ No

(If yes, list the name of the part, manufacturer, part no., serial no., and describe the failure.)

The brakes failed on landing.
