MEMORANDUM OF RECORD

Date: 12/23/2024
Subject: CEN25LA053
Contact: Aircraft Recovery Company Personnel - Myers Aviation, Oshkosh, WI

According to the aircraft recovery company personnel, during the recovery of the airplane on December 4, 2024, one of their recovery photographs captured ice obstructing the engine oil breather tube, which protruded outside of the engine cowling. The photograph was provided to the NTSB investigator-in-charge on December 23, 2024.
