On December 10, 2024, departed San Marcos airport (KHYI) around 9:30 am and headed to Smithville Crawford Municipal Airport (84R). Landed and requested fuel service to top off fuel for both tanks. At approximately at 11:30 AM, during takeoff at Smithville Crawford Municipal Airport in Smithville, Texas, while using runway 35, pilot experienced engine issues. After taking off, the pilot initiated a left turn, during which the engine began to cut out and lose power. The pilot estimated that at approximately 100 to 150 feet off the ground, the engine completely shut down. In an attempt to level the wings and regain control, the aircraft stalled, causing it to lose positive control. The aircraft impacted the ground approximately 1,000 feet north of the runway's end, sustaining substantial damage and causing serious injury to the pilot.
