

Subject: Pilot statement on flight AZ610 FCO-JFK 2 January 2023

I am First Officer Umberto Maria MANINI, Staff Number [REDACTED], flight crew member of subject flight operated with A330-200 registration marks EI-EJM.

Preflight and boarding operation were on time and without irregularities.

I was Pilot Flying for the leg, CM2 position. It was for me the sixth leg LIFUS. It was my second landing at JFK.

Flight departed from LIRF at 14.01z and landed on Runway 22L KJFK at 23.20z.

We vacated the active runway via intersection J and instructed by JFK TWR to hold position before runway 22R.

When cleared, we crossed RWY 22R via taxiway J and we were instructed by Ground control to proceed via Alpha to stand 2 of Terminal One.

While taxiing on Alpha, I noticed a Delta CRJ900 standing on Taxiway KF, apparently well out from taxiway Alpha.

We were taxiing maintaining straight the centerline at about 10-15kts.

Just before entering our stand, Ground control advised us about a reported collision with the Delta CRJ900.

Fiumicino, 7 January 2023

F/O Umberto Maria Manini
