Subject: Passenger Evacuation Investigation: Flight 2668 (ATL-MSP), B757-300 (Ship 5809/N589NW), 10 January 2025

Flight Attendant, Nicee, advised on the interphone from door 3, that the wing on the aircraft was on fire and also lets the pilots know. Soon after, the captain made an announcement saying the command "Easy Victor" followed the evacuation command. I proceed to yell my commands while opening my doors and evacuating the plane.

Once everyone was off, we did a final walk through to confirm and exited the aircraft via slide. We then helped get the rest of the customers away from the aircraft and grouped together in the chilly conditions and made sure no one was hurt.

I acknowledge this statement may be released to Delta Flight Safety and the US National Transportation Safety Board (NTSB).

Regards,

SHANE RAMSEY
