Subject: N6762U

I spoke with the mechanic that recovered the aircraft and he stated:

When retrieving the aircraft N6762U S/N 2484 from the accident scene the following items were noted (1)

The ELT model EBC G7 was operational and triggered battery due date January 2015 The unit was turned

off Jan. 26 2014 at the scene (2) Both fuel tanks remained intact and contained less than one gallon

each (3) Both prop blades were damaged (4) Landing gear had been extended (5) The aircraft is located

at the Plane Werks hangar at the Rutherford County Airport
Russell Hyde

Tanks were intact.
