

FIRST HELICOPTER LESSON. PRACTICAL
HOVERING IN GRASS AREA. AIRCRAFT
MADE SLOW RIGHT MOVEMENT AND
RIGHT SKID TOUCHED GROUND. AIRCRAFT
CONTINUED TO ROLL OVER ON RIGHT
SIDE. ENGINE AND ROTOR WERE
STOPPED. I CLIMBED OUT THROUGH
BROKEN WINDSCREEN.

[REDACTED]
S-2-14

Hover Practice with Randy Arandt
In practice area. Aircraft skid
contacted the ground. Aircraft
Rolled in direction of skid that was
in contact with the ground. Aircraft
Contacted the ground on the right
side. Aircraft was no longer running.
I shut off master switch & fuel after
exiting aircraft through the door. Randy
Exited through the now broken windshield.
Spoke with local authorities and gave
them a statement.
