Here is the information for the pilot and the aircraft for the accident that happened at Frankfort, Ky on 6-13-2014. A low time student pilot on his third solo ended up in a crosswind situation and lost control of the aircraft upon landing. The pilot, the sole occupant of the aircraft was not injured. The aircraft sustained substantial damage. The nose gear was sheared off, damaging the firewall, along with both wings and the aft fuselage. Pictures are being sent separately. Give me a call if you need any additional information.
