NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State time and point of departure, intended destination, and services obtained.

refueled in Shelby NC (KEHO) at 12 noon returned to our private grass strip at approximately 1230 pm on landing the main gear collapsed. The landing seemed no harder than any other but there was no bounce just a continued descent to the runway. Exiting the aircraft we saw both gear spread out from under the aircraft. There had been a prop strike and maybe be some damage to the belly but will not know until the aircraft is picked up.

RECOMMENDATION (How could this accident/incident have been prevented?)
