

72 Hour Prior to Death Report

In the 72 hours (Wednesday, August 27, 2014 to Saturday, August 30, 2014) prior to his death, pilot Ron Hutchinson experienced and displayed nothing out of the ordinary. His wife, Maureen Hutchinson reported that sleep, eating, and activities were normal.

It was also reported that there was no alcohol or drugs (other than prescribed medications) ingested the nights before his death. Food consumption was normal. Friday's dinner was fish, German Potato Salad and water. Breakfast on Saturday morning was oatmeal, raisins and coffee. The days prior it is not believed that there was consumption of foods out of the ordinary, he did dine out Thursday for lunch at Western Racquet Club in Elm Grove, WI, but this is believed to have been standard club menu food (i.e. no ingestion of exotic foods). This comment based on lack of reporting of such by Ron following the lunch appointment.

He had exercised on Friday morning for approximately an hour (cardio bicycle and weight bearing exercises). Ron placed phone call to his son Friday morning, his son reporting nothing out of the ordinary and it being a very typical conversation. Friday evening was spent on flight preparation at the hangar, it is unknown if there was contact with other persons.

Ron slept from 11 p.m. on Friday, August 29 until 6 a.m. on Saturday August 30. This was typical. Brief interactions between Ron and Maureen were typical, a good night kiss and good morning greetings and light conversation.

He had not exercised on Saturday morning prior to his departure.

It is unknown if he had interaction with other persons Saturday prior to departure. Given the early time of his arrival to and departure from the airport, it would be unlikely for there to have been the opportunity to interact.

No sexual activity was reported in this timeframe. Additionally, there were no traumatic events or other incidents that would have caused stress.

This was reported to Michelle Hutchinson Schofield (daughter) on September 2, 2014 from Maureen C. Hutchinson (wife).
