I, Kevin K Sollars being duly sworn, depose and say that I am 54 years of age, with a date of birth of [REDACTED] and reside at [REDACTED] Chittenango NY 13037. My phone number is [REDACTED] I am giving the following information to Officer Hebert of the Town of Manlius Police Department:

Today is 06-15-15 and I am sitting in the back of Officer Hebert's police car giving him this statement regarding the incident that occurred while I was golfing.

Today at about 7:17PM I was golfing with my son at Poolsbrook Golf Course. We were on the 9th hole and my son hit a bad shot so we ended up being on the 2nd hole. We were right up near the club house. I then heard a plane and looked up. I saw a white plane flying extremely low coming from the airfield. The plane was traveling east at this point. The plane then turned to the left and the wing tilted down. The plane did a U-Turn, but never really recovered. Right after he turned he was very low still. It looked like he turned to tight. As the plane began to fly west the wings never leveled out. The plane stayed tilted to the left. The motor was full throttled but the plane continued to the ground. The plane then crashed into the ground nose first and then the plane spun horizontal. We all then rushed to the plane. By the time we got to the plane the pilot was pacing back and forth talking on the phone. The pilot went to the ground. He tried to walk again but we told him to stay down. He asked for his glasses. I reached into the airplane and grabbed the glasses. I did not grab anything else. The pilot was talking and complained of back pain.

I, Kevin K Sollars have read this entire deposition consisting of One page(s) and affirm that it is the truth to the best of my knowledge.

Earlier tonight, June 15, 2015 just after 7:00 pm I was golfing with my father Kevin Sollars at the Red's Bridge Golf Course. At that time I was finishing our round of golf just off the 9th green. I heard a plane take off from behind me to the west. There is an airplane hanger up there on the hill. I was about to take my shot, when I heard someone up at the clubhouse say "look at that plane." I turned around toward the southwest and I saw a medium sized white plane very low to the ground, maybe 30-50 feet in the air. At that point the plane was over the 2nd fairway, it had just turned and was headed back toward the west. As it was doing so, the plane was turned sideways so that the right wing was pointing straight down at the ground and the left wing was pointing straight up toward the sky. The plane disappeared from my view. I did not hear it crash because everybody was yelling. Me and my dad jumped into our golf cart and drove to the second fairway where I saw that the plane was already down. When we got to the plane I saw that the pilot was already out of the plane, walking around with his cell phone in his hand. We told the pilot to lay down and not to move because he said his back was starting to hurt. That was pretty much it.
