Dear Mr. Cox:

On January 10, 2015, a Robinson R22 Beta, N348VH, was destroyed when it crashed in the waters of San Juan Bay in Puerto Rico.

Our firm represents Vertical Solutions Helicopter, the registered owner, and their insurers. We understand that NTSB took possession of some of the warning light bulbs from the instrument console for investigation. Would you kindly let me know if this part of the investigation is complete and if the bulbs can be returned to us.
