RECORD OF CONVERSATION

Who: Steve Davidson, FAA

RE: ERA15LA270

In a telephone conversation, Mr. Davidson stated that he did not recall looking at a fuel sample to determine if it was contaminated so he asked his co-worker, Mike Pupek, who was also present for the initial engine exam. Mr. Davidson said that Mr. Pupek did recall that they removed the airframe fuel filter and the bowl was full of fuel. The fuel was absent of debris and water.
