

MEMORANDUM FOR RECORD

Brian C. Rayner
Senior Air Safety Investigator
Eastern Region

Date: November 13, 2016
Subject: Witness Email Statements
Owner: James and Helen Brown
NTSB Accident Number: ERA15LA381

Narrative:

Mr. Brown was the owner/operator of the accident airplane. During a lengthy email exchange, he and his wife Helen Brown provided brief statements with regards to the accident, and they were excerpted from the chain. The statements are below:

“My view of the runway was that of a small, section near the center of the runway length. He appeared to be landing a little faster than I had seen before. I could not see the plane overturn.”

Helen Brown

“Neale's experience on this runway had always been solo. I can only presume that he felt a bit more power was necessary to compensate for the additional weight of the passenger.”

James Brown
