

RECORD OF INTERVIEW

Daniel P. Boggs
Air Safety Investigator
National Transportation Safety Board
Office of Aviation Safety - Eastern Region

Date: September 8, 2016 at 15:00 EST
Person(s) Interviewed: Everett Hathorn-pilot
NTSB Case Number: ERA16CA290

Narrative:

Mr. Hathorn returned my call from August 26, 2016. He was still in the hospital for physical therapy.

Mr. Hathorn stated he was practicing touch n go's with his airplane. on the fourth and final landing, Mr. Hathorn stated he bounced the airplane "pretty Hard" and could not recover before the crash.

Mr. Hathorn stated there were no mechanical deficiencies with the airplane. He stated he just messed up the landing.
