Rayna (Cornelia Community -area of airplane accident)			
Samanta (Cornelia Community -area of airplane accident)			
Negrette (Cornelia Community -area of airplane accident)			
Subject: N57WV- Baldwin,GA.			
Digest: While on scene a few witnesses were met at the perimeter of the police line and gave general statements. They all said that they did not see the airplane fall out of the sky but they did hear the noise that it made before crashing. They stated hearing an airplane flying overhead and shortly afterwards heard a "whirling" noise followed by a loud crash. They came outside to see if they could locate where the noise came from, but was unsuccessful due to the heavy fog and mist in the area. As they searched the area that night they located the airplane in a ravine and called 911. They did not see anyone near the airplane and waited for the police to arrive.			
Conclusions, Action Taken, or Required: The witnesses were interviewed during the on-site examination
