Approx at 1130 AM I was working on my 70V and I heard a small plane, as I look up a saw the plane turn left towards the lake. I heard the engine rattle and the plane took a Right Bank turn, the plane came down and did not recover crashing into the lake.

The plane was flying east towards the Eze Airport. I looks like the pilot had problems and flew the plane away from populated Area into the lake.

I, Lindsay Howard do hereby voluntarily make the following statement without threat, coercion, offer of benefit or favor by any persons whomsoever.

I was talking to Fish and we were talking as the boat was headed in looking up at the sky at this plane flying over the water. It was big and looked like it was flying too low. We were talking about how strange it looked then all of a sudden it spun in a circle and dove face first into the lake. We rushed over to the accident scene and no bodies were present. We called 911 immediately and kept searching for bodies from the boat. Police, firefighters and first responders arrived.
