Millicent Hill
Aviation Accident Investigator
Alaska Region

Date: March 15, 2016
Person Contacted: Keith Phillips
NTSB Accident Number: ERA16FA127 – Clermont, FL

Narrative:

Mr. Phillips stated he was part of a flight of three flying to Winter Haven Airport. He stated he heard a mayday call, "I'm an RV, I lost an engine, I'm an RV." He stated that with a passenger in the back and center of gravity change the handling characteristics of the airplane change and it was possible that during the forced landing the airplane "may have gotten too slow and stalled."
