

MEMORANDUM FOR RECORD

Heidi Moats
Air Safety Investigator
Eastern Region Aviation

May 24, 2016

Subject: ERA16LA045
Who: William Wege – FAA Inspector

In an email, inspector Wege stated the following:

- There were no issues with the flight controls.
- The pilot was teaching himself to fly by watching YouTube videos.

In a telephone conversation on August 24, 2016, Inspector Wege stated that the remaining fuel in the ruptured tank was examined and there was no debris noted.
