

Subject: ForeFlight Re: NTSB Request

Hi Paul,

We found the account for Daryl (N669WR), and have confirmed that neither Daryl nor David (N1839X) requested weather briefings using ForeFlight Mobile prior to their flights.

We also don't show any recent Weather Imagery access (eg: Prog Charts, G-Airmets, Icing levels, etc..) by Daryl prior to his flight.

Let us know if there's anything else we can do for you,
